

SUNDAY EVENINGS

WHAT HAVE WE BEEN UP TO?

At the start of lockdown we started a weekly Sunday evening prayer meeting where we prayed for God's protection over our friends, family and town.

Our evening meetings changed into bi-weekly study nights and prayer nights and we have now started the first of a series of courses which we will be running on the Sunday evenings.

It's been great to see so many people engage with this new meeting and see how it can be shaped to reflect the season that we're in.

WHAT ARE WE EXCITED ABOUT?

It's been a great start to the 24/7 prayer course which we are running over an 8 week period. We're really excited to see what God teaches us as we ask Him to teach us to pray.

After this course, Francis will be leading us in the next course as we look at "walking with God". If you were at the "teaser night" you will know that this will be a great course.

We're also excited about the range of courses which we have in the pipeline, and expect that we will see God teach us wonderful things in our Sunday evening courses.

WHAT CAN YOU PRAY FOR US?

Please pray:

- that all at the sessions would learn what God is trying to teach us
- that those leading the sessions would know God's wisdom and guidance as they facilitate conversations
- that the courses over the year would be timely for us as a church

WANT TO GET INVOLVED?

Join us. Get engaged.

We want the whole church to be equipped and encouraged through our Sunday evening services. We can only do that if we are present.

So let's make it a priority to engage with all we are doing together
